DIRECTORY OF SERVICES OFFERED TO DISABLED PERSONS IN NEW BRUNSWICK

Produced by:

PREMIER'S COUNCIL
ON THE
STATUS OF
DISABLED PERSONS

Revised Jan. /85

Introduction

To follow up on the directory previously published by OMEP New Brunswick, the Premier's Council on the Status of Disabled Persons has undertaken to update this catalogue of services offered to disabled children and to expand it with services offered to persons of all ages having special needs.

The services offered by the groups listed in this catalogue are ones that the Council has found to be non-profit in nature or services offered free.

We would like to remind everyone that a catalogue of suppliers of special equipment for disabled persons was produced already by the Canadian Rehabilitation Council for the Disabled and one can obtain a copy by contacting that organization.

For those wishing information on group homes or special care homes which are not listed in this directory, one can contact the Department of Social Services.

This present guide was conceived with a view to give points of reference to persons having special needs but we can not pretend that it could be complete. If there are errors or omissions that have been made, they were not intentional and we apologize for them.

We invite others who would like to see the name of their group to appear in the next edition of this directory to communicate with the office of the Premier's Council on the Status of Disabled Persons.

In addition to having undertaken this present project, the Premier's Council on the Status of Disabled Persons has set up an information library open to everyone. The material contained in this library covers a wide range of subjects related to disabled persons. (Examples: information on many disabilities, legal information, information on sources of financial assistance, periodicals, etc.)

It is also possible to obtain information on the services and programs of government that would be of particular interest to disabled persons. (See also the list of Members of Parliament and Members of the Legislative Assembly of New Brunswick.)

In closing, the Premier's Council on the Status of Disabled Persons recognizes the OMEP New Brunswick (The World Organization for Early Childhood Education) and offers them congratulations for their initial project. As well the Council would like to thank again the numerous groups and individuals whose collaboration made possible the publication of this guide entitled - Directory of Services Offered To Disabled Persons in New Brunswick.

DEPARTMENT OF YOUTH AND RECREATION

By joining in a variety of programs, in an integrated community setting, a disabled person can form relationships and develop new interests and skills that will broaden one's perspective and improve the quality of life.

The Departments' goals are to promote the integration process, to increase the number of disabled people participating in all types of community programs and to help improve the quality of those programs.

RECREATION BRANCH

Financial assistance and consultation is available, primarily to provincial advocate agencies and organizations wishing to increase participation in recreational activities and/or offering entry programs/projects that will enable clients/consumers to become a part of the total community.

SPORTS BRANCH

The emphasis of the Sport branch is to improve the quality and growth of sport as it relates to disabled people.

Financial and consultative assistance is available at the local and provincial level to recognized clubs and organizations who wish to develop an interest and expertise in organized competitive sport, with and for disabled persons.

The Branch offers to new and growing clubs/groups and provincial associations assistance to meet the necessary standards through instructional and training programs such as: Officiating Development, National Coaching Certification Program, Local Level Club Development, Provincial Sport Governing Body Assistance Planning, and Development Consultation.

REGIONAL OFFICES OF DEPARTMENT OF YOUTH AND RECREATION

If a club, group or individuals share a common interest, Regional Office personnel are available for consultation, to provide grants and advise you on how to get started.
